

ANNEX 3 Ctr.

CONTRACTED ELECTRICAL ENERGY QUANTITIES

Art. 1. The total quantity of electrical energy to be sold, respectively, purchased as per this Agreement, during one year is of 450000 MW/year

Art.2. The quantity of electrical energy corresponding to the Agreement, established per calendar day and Hourly Intervals, will be mentioned one month before the consumption.

Art.3. The consumer undertakes to make available to the Supplier hourly consumption forecasts in hourly format. Forecasts are sent until 09:00 AM of the day before the consumer contract to the following email addresses:

dispecerRPE@rompetrol.com

Parties will cooperate operationally in order to reduce the volum of unbalanced quantities between prognosis and consumption.

ANEXA 3 Ctr.

CANTITĂȚI DE ENERGIE CONTRACTATE

Art. 1. Cantitatea totala de energie electrică planificată a fi vânduta, respectiv cumpărata conform prezentului Contract in perioada unui an calendaristic este de minim 450.000 MWh/an.

Art.2. Cantitatea de de energie electrică aferenta Contractului, stabilita pe zile calendaristice și Intervale Orare va fi precizata si trannmisa de catre consumator cu o luna inainte celei de livrare.

Art.3. Consumatorul se obliga sa puna la dispozitia Furnizorului prognoze orare de consum in format orar. Prognozele se transmit pana la ora 09:00 AM a zilei dinaintea celei contractuale de consum la urmatoarele adrese de email:

dispecerRPE@rompetrol.com

Partile vor coopera din punct de vedere operational pentru a reduce volumul dezechilibrelor intre prognoza si consum.
